BAMJI, MAHTAB S., AND P. R. SUNDARESAN. Effect of thyroid activity on the absorption, storage and utilization of orally administered vitamin A aldehyde (retinal) in rats, 39.

BANERJEE, GOURI. See Weber, George, 157.

Barium, effect of vitamin D on utilization of in the chick, 490.

BELL, M. D. See McAleese, D. M., 505.

BERG, BENJAMIN N., AND HENRY S. SIMMS. Nutrition and longevity in the rat. III. Food restriction beyond 800 days, 23.

Beryllium, effect of vitamin D on utilization of in the chick, 490.

BIXLER, DAVID. See Weber, George, 157.

BLACK, ARTHUR L. See Brown, M. Alice, 384.

BRAHAM, J. E., C. TEJADA, M. A. GUZMÁN AND R. BRESSANI. Chemical and histological changes in the femurs of chicks fed lysine-deficient diets, 363.

BRAUN, BERNARD J. See Cheng, Dorothy Wei, 111.

BRAUN, KARL G. See Cheng, Dorothy Wei, 111.

BRESSANI, R., A. AGUIRRE, L. G. ELÍAS, R. ARROYAVE, R. JARQUIN AND N. S. SCRIMSHAW. All-vegetable protein mixtures for human feeding. IV. Biological testing of INCAP vegetable mixture nine in chicks, 209.

BRESSANI, R., L. G. ELÍAS, A. AGUIRRE AND N. S. SCRIMSHAW. All-vegetable protein mixtures for human feeding. III. The development of INCAP vegetable mixture nine, 201.

BRESSANI, R. See Braham, J. E., 363.

BROWN, M. ALICE, ARTHUR L. BLACK, JIRO J. KANEKO AND MAX KLEIBER. Metabolism of norleucine by the intact cow, 384.

BRUNO, DOROTHY. See Portman, Oscar W., 429.

BUHLER, DONALD R., AND JOHN E. HALVER. Nutrition of salmonoid fishes. IX. Carbohydrate requirements of Chinook salmon, 307.

C

Calcium, effect of vitamin D on utilization of in the chick, 490.

— to phosphorus ratio and effects of intake on absorption of these elements by sheep, 233.

—, zinc and magnesium, excretory patterns and bone deposition of, in the rat, as influenced by zinc deficiency, EDTA and lactose, 194.

Caloric restriction and body weight, some relationships between, in the rat. I. Body composition, liver lipids, and organ weights, 249.

Caloric restriction and body weight, some relationships between, in the rat. II. Metabolism of radioactive glucose and activity of some TPN-linked enzymes in the liver, 243.

Carbohydrate requirements of Chinook salmon, 307.

CAREW, L. B., JR., AND F. W. HILL. Effect of methionine deficiency on the utilization of energy by the chick, 185.

CASADY, R. B., R. A. DAMON AND A. E. SUITOR. Effect of supplementary lysine and methionine on enteritis mortality, growth and feed efficiency in young rabbits, 120.
CHEN, M. L. See De Muelenaere, H. J. H., 125.
CHENG, DOROTHY WEI, CARL G. BRAUN, BERNARD J. BRAUN AND K. H. UDANI. Tocopherol content of maternal and fetal rat tissues as related to vitamin E intake during gestation, 111.
Children, lysine and methionine requirements of, 401.
—, preadolescent, metabolic patterns in, 345.
Cholesterol and serum protein components, influence of dietary protein level in growing chick, 500.
— concentration and fatty acid composition, influence of long-term feeding of fat-free diets to *Cebus* monkeys, 429.
— content, free and ester, of various foodstuffs, 441.
—lowering effect of pectin in rats, 87.
—, serum, concentration in man, influence of chain length of saturated fatty acids on, 420.
—, serum, influence of diet on, in the chick, 171.
Cholesterolemia and diet. VI. Comparative effects of wheat gluten lipids and some other lipids in presence of adequate and inadequate dietary protein, 389.
Choline-deficient rat, hypo- and hyperthyroidism and lipotropism of diethylstilbestrol in, 408.
CHOW, BACON F., KUNIO OKUDA AND ERNESTINE B. MCCOLLUM. Vitamin B_{12} and the thyroid in reproduction of female rats, 319.
Coccidiosis-infected rabbits, vitamin E saturation test in, 495.
Codfish products, suitability of in breeding mink, 397.
COHLAN, SIDNEY Q., AND SHIRLEY M. STONE. Effects of dietary and intraperitoneal excess of L-lysine and L-leucine on rat pregnancy and offspring, 93.
Copper-molybdenum interrelationship. III. Response of liver sulfide oxidase activity to nutritional factors, in rat, 167.
—, radioactive and total, influence of dietary protein and zinc on absorption and liver deposition of, 45.
Coprophagy-preventing cage, tubular, for the rat, 473.
Corn gluten, effect of alcohol treatment on availability, 125.
CRAMPTON, E. W. See Friend, D. W., 397.
Cricket nutrition. II. An unidentified factor in nutrition of *Acheta domesticus*, 265.

D

DAMON, R. A. See Casady, R. B., 120.
